

**Innovative Lighting Solutions**  
from National Specialty Lighting

## Fall Newsletter 2019

### Another year is almost behind us and what a year it's been!

We have a couple of new faces to introduce to you and we've also been extremely busy launching a steady stream of new products.

#### Introducing:

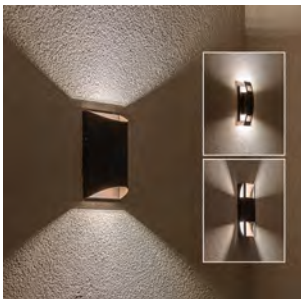

#### **Ian R Smith, LC IES**

Ian Smith – our new VP of Business Development is now well ensconced in his role and has been busy travelling the continent getting to know our reps and key customers. Ian has an extensive career in lighting and controls spanning over 3 decades. He is already a highly valued member of our team.

Ian can be reached at [ian@nslusa.com](mailto:ian@nslusa.com)

---

### **T-LED Edge Light**

National Specialty Lighting introduces the latest in commercial ceiling lights – T-LED Edge Light. T-LED is an innovative solution for general area and accent lighting in offices, hallways and commercial spaces. Its perimeter illumination offers a unique edge lit look replacing the traditional flat panels and troffers at a fraction of the cost. T-LED fixtures install inside the existing T-Bar ceiling grid allowing the existing ceiling tile to lay on top. Available in 3000K and 4000K and in 2 X 2 and 2 X 4 sizes, T-LED Edge provides brilliant illumination for any application.
